1926 Mankato Nursery

Mankato, Minn.

L. Z. SMITH, Proprietor

Grower and Dealer of a general line of hardy Nursery Stock
especially adapted to the Northwest

We are not using a regular descriptive Catalogue for the spring trade, as our stock is somewhat limited, however we have a good assortment of the standard Varieties adapted for the Northwest, and that are recommended by the State Horticultural Society. If you want to raise fruit or flowers of any kind with the least possible trouble and risk, you can not go wrong in following the advise of the State Horticultural Society. So look their enclosed list over when you make out your order. Compare our prices with the big fancy catalogues and you will see that we can save you Money, and do not be misled by claims that high priced stock is better, our stock is well grown, healthy and thrifty and just as good as any offered by any of our competitors.

OUR GUARANTEE

That Stock will be up to grade and well packed and reach you in a good healthy growing condition, and that we will replace any stock that dies the season planted at one half the purchase price, if notified of said loss not later than Aug. 1st of the year planted, and the price of same to accompany said notice of loss.

HOW AND WHEN TO ORDER

Strawberries

We have tried a good many different kinds, and have discarded them all and gone back to the good old Dunlap for spring bearers. They are the heaviest grower of vines, will hold their own with the weeds, and are self fertilizers, and will grow and produce fruit in any place or soil. Our plants are extra heavy and will bear year planted.

**Our Extra Special
Dunlap Plants**
75c per 100, \$6.00 per 1000

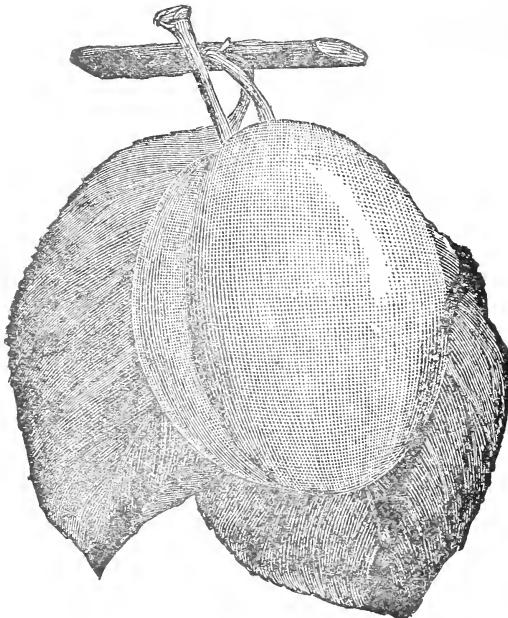

Dunlap, best of all

Progressive, best of the
Everbearers.

PROGRESSIVE Everbearing Strawberry

50 for 75c, 100 for \$1.25. Like the spring bearers, we have tried out a good many different varieties of Everbearing strawberries, and while we do not contend that they will give as good results as the spring bearers, yet it will pay any one to plant a bed of Progressives, as they will bear until it freezes up, and it is quite a treat to have strawberries at that time of the year. Give our progressives a fair trial and you will be more than pleased with the results.
